Summary

I am an innovative and enthusiastic Full Stack Developer eager to contribute skills in React JS, Node.js, Express, MongoDB, and Firebase. Passionate about building intuitive user experiences and developing efficient, scalable backend systems. I am a quick learner with a strong dedication to staying updated on emerging technologies and industry trends. I have completed several projects using full-stack technologies to deliver complete web solutions.

Recent Projects

OREBI - Ecommerce

Ongoing-Project

React based e-commerce application

Frontend Code Link

Backend Code Link
